Depth: 14M 50 minutes.

Laid a new section of chain
(approx 20m) alongside a
very thin / broken section
between drums (9) & (10)
and partly between (10) & (11)
Left the thin chain in
place, so we will need to
cut and remove in a future
dive. Still a further meter
(10m?) of thin chain between
(10) and (11) that needs to
be replaced.

Depth: 14M 45 minutes

Too much swell to take
chain, so set out 6 buoys
at various points along the
trail. Also cleaned up a few
buoys and shackled a few
broken sections.

Priorities for next dive

New chain required around
lead drum (18). Thick chain in this
section has now deteriorated
to lengths less than 30m in
many places. New chain at (11)
Very thin.
